MEMORANDUM FOR: Deputy Director for Administration

FROM:

Director of Information Services

25X1

SUBJECT: OIS Weekly Report (15-22 August 1984)

1. Information Security. Chief, Information Management Branch, Information Resources Management Division (IMB/IRMD), accompanied the Director and Deputy Director, Information Security Oversight Office (ISOO), and ISOO's Agency liaison representative to an Office of Security (OS) briefing on unauthorized disclosures reported by the Agency to the Department of Justice during the period 1 October 1983 - 31 March 1984. The representative from the Security Analysis Group, OS, provided information on the types of disclosures, the damage assessments made by the Agency, and the difficulty in determining the source of any unauthorized disclosure. The briefing was provided to meet the Executive Order 12356 requirement that each agency report unauthorized disclosures to ISOO.

2. Agency Archives and Records Center. Two National Security Council (NSC) employees reviewed approximately 63 cubic feet of NSC material. This material is part of the 429 cubic feet of material currently maintained by AARC for NSC under a 1958 bilateral agreement that was reaffirmed in 1961 and again in 1977.

3. Classification Review Division. CRD recently reviewed a manuscript of a U.S. Air Force history entitled, Interdiction in Southern Laos, 1960-1968. Several items remain classified. CRD consulted with its counterpart in the Department of State and advised them that publishing an official account of U.S. involvement in the war in Laos gives us great concern. When balanced against the delicate nature of our present diplomatic relations with the Government of Laos--and to some extent the Government of Thailand--publication could have a negative impact on foreign relations with the two countries. This concern was also expressed to the Air Force. CRD has been contacted by
